

REMARKS

Claims 1-17 were allowed in the Notice of Allowance dated July 20, 2004. With this Amendment, claims 1, 5, 9 and 14 are amended. Applicants maintain that no new matter has been added.

In reviewing the application, it was determined that an amendment was necessary in order to better convey the subject matter thereof and to maintain clarity throughout the application. By these amendments, Applicants have substituted the more appropriate terms, electron transporting layer and hole transporting layer, for the terms electron transportation layer and hole transportation layer. It is submitted that the requested amendment does not introduce new matter, nor requires further consideration or searching as the inappropriate term, yet easily understood, word choice arose through translation word choice. Notice to that effect is requested.

The Commissioner is hereby authorized to charge any deficiency in required fee to Deposit Account No. 19-3140.

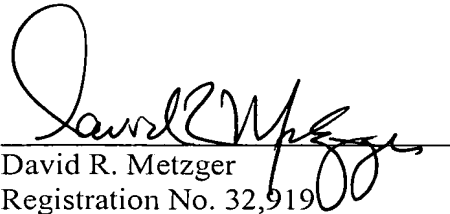

CONCLUSION

In view of the above amendments and remarks, Applicants respectfully request entry of this amendment and submit that claims 1-17 are allowable and that the application is in condition for allowance. Note to that effect is requested.

Respectfully submitted,

Dated: September 2, 2004
